DISPERSION  
OF THE NOTED  
HAWTHORNE  
HERD**

**Sale to be held at Hawthorne Farm  
Marshall, Virginia, Monday, March 19, 1956**

# **The largest and most important closing out sale since the dispersion of the famous Sni-A-Bar herd**

250 head of the most beautifully bred Scotch Shorthorns and Polled Shorthorns in North America to be sold as 202 lots — 48 cows sell with calves at foot. To assemble this herd, the late Nathaniel Holmes II paid the top prices to obtain the richest bloodlines in the world.

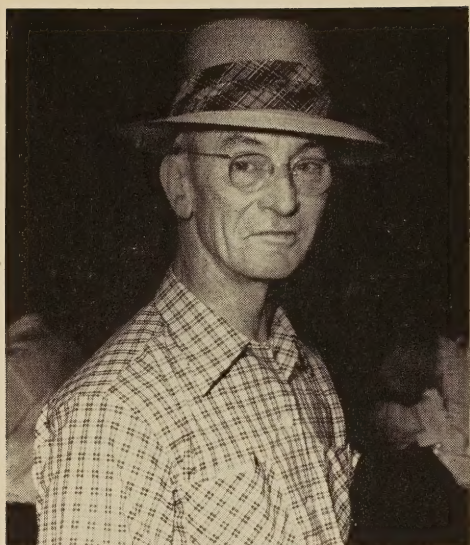

The entire group of 250 head will be sold in one day starting at 9:30 a.m. . . . 5 famous herd bulls — 22 imported females — 13 more sired by imported bulls and out of imported dams.

This is a complete dispersion sale of the Hawthorne Herd owned by the Estate of Nathaniel Holmes II. The agent for the executors of this estate is The Hanover Bank, New York, 15, N. Y. The herd is presently under the management of W. A. Spillman, Jr. of the Spillman Farm Management Service, Brandy, Virginia. (Phone Culpeper 5171.)

The late Nathaniel Holmes II, as we all knew him in the earlier years of his founding of the famous Hawthorne Herd. Distance and price were of no consequence in his aim to buy the best.

## Nat Holmes Dies

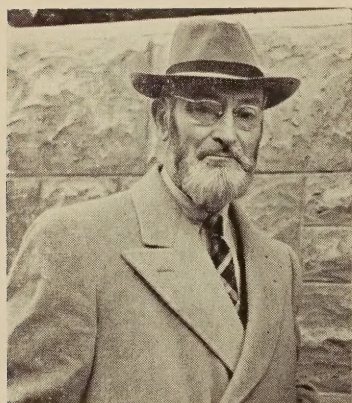

Nathaniel Holmes II, owner of Hawthorne Farm, Marshall, Virginia, died on the train enroute from New York City to Washington on Friday, August 26th, and was buried August 29th in the Allegheny Cemetery in Pittsburgh which his great grandfather, Nathaniel Holmes, incorporated in 1844. He was 69 years old.

Nat Holmes' mother was Sue Horn, daughter of Joseph Horn, well-known Pittsburgh department store owner. His father, John Grier Holmes, was a son of Nathaniel Holmes who started his own bank in 1822 which later merged with the Union National Bank.

Mr. Holmes was a graduate of Yale University, class of 1908. Both preceding and following his active service in the first World War as a member of the U. S. Calvary, he owned ranch properties in the West.

He acquired the 500-acre Hawthorne Farm at Marshall, Virginia, in 1951 where he established one of the top herds of Shorthorns in the country, now numbering 248 head. Present plans are to continue the farm and the Shorthorn herd.

His death will be a great loss to the advancement of the breed in the East. The Shorthorn World and countless friends in the breed mourn his passing.

**T**HE STORY of this famous herd, too long to tell in limited space, is familiar to all. The late Nathaniel Holmes II, founder and owner of Hawthorne Farms, visited every great source of supply in Scotland, Canada and the United States during the period of assembling this herd. Money was no object in his aim to acquire the top individuals and top bloodlines of the strongest breeding nurseries in the world. The list of bulls whose get are represented reads like a complete record of the most famous sires of the breed. All of the cattle are young. First purchases were made in 1952 and almost nothing has been sold, hence nearly all of the famous females purchased for the herd foundation will be included in this dispersion along with their yearlings and calves. The herd is Accredited for both Bang's and Tuberculosis. The cattle are in farm flesh. Smart buyers will find in this complete dispersion the greatest buying opportunities in the history of the business.

## Directions to Hawthorne Farm

Hawthorne Farm is located 50 miles southwest of Washington, D. C. We suggest that you include a visit to the Nation's Capital on your trip to this sale. The farm is 10 miles southwest of Warrenton and 18 miles north of Culpeper, Virginia. The map above shows the exact location of the farm.

**Transportation**—Culpeper, Virginia, is on the main line of the Southern Railway and the Chesapeake & Ohio Railway. Those who come from a distance either by plane or train will find it more convenient to route themselves through Washington. Virginia Trailway busses running from Washington to Richmond leave **Washington** as follows:

Leave Washington	Arrive Warrenton	Arrive Culpeper
3:30 a.m.	4:37 a.m.	5:15 a.m.
6:30 a.m.	7:50 a.m.	8:30 a.m.

**Hotels**—We recommend the following two hotels, both of which will serve as headquarters for the sale:  
 Lord Culpeper Hotel, Culpeper, Virginia  
 Warren Green Hotel, Warrenton, Virginia

Good motels and guest houses are also available in and near these towns.

Busses and trains will be met at both Warrenton and Culpeper. Auto transportation will also be provided to the farm from the hotels in Warrenton and Culpeper.

# General Information

**Sale — Monday, March 19, 1956**

**Starting at 9:30 a.m., Eastern Standard Time**

**Location** — Sale to be held at Hawthorne Farm (direction to farm on opposite page.) All cattle will be sold in one day.

**Hotel Reservation** — Good hotels are named on the opposite page. You may write directly to these hotels, or if you wish assistance in making reservations, you may write or call W. A. Spillman, Jr., Box 73, Brandy, Virginia. Mr. Spillman's phone number is Culpeper 5171.

**Lunch** — Will be served at the farm by the Jefferson Community Center.

**Inspection of Cattle** — Since the sale starts at 9:30 a.m. and the herd is large, there will be little opportunity for inspection on the morning of the sale. We urge all prospective buyers to arrive on the day prior to the sale for a leisurely inspection. The cattle will be numbered early on Sunday, March 18th, and may be easily identified.

**Mail Bids** — Will be accepted by any of the following reliable fieldmen who will be in attendance:

Hal Longley, c/o The Shorthorn World, 16 S. Locust St., Aurora, Illinois.

H. W. Walker, Eastern Fieldman for The Shorthorn World, 904 East Maple Road, Indianapolis, Indiana.

Allan C. Atlason, Secretary, American Shorthorn Breeders' Assn., 7 Dexter Park Ave., Union Stock Yards, Chicago, 9, Illinois.

E. M. Huff, Eastern Fieldman, American Shorthorn Breeders' Association, Culpeper, Virginia.

Jim Grehan, Fieldman, The Breeder-Stockman, Warrenton, Virginia.

Curtis Mast, Extension Animal Husbandryman, V.P.I., Blacksburg, Virginia.

Herdsman — John Nalls.

**Please Note** — Eight Holstein nurse cows and two family milk cows will be included in this complete dispersion.

# Terms and Conditions

1. The terms of this sale are cash.
2. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made. Cattle will be cared for at the farm for a maximum of five days and loaded on trucks free of charge but at purchaser's risk of loss or injury.
3. The Hawthorne Herd is accredited for Bang's Disease with certificate No. 1890, dated August 2, 1955. The Hawthorne Herd is also accredited for Tuberculosis with certificate No. 576152 dated May 5, 1955. These accreditations will make possible the easy delivery of cattle to all states. As a further precaution, all bulls will be tested for Bang's Disease and Tuberculosis within 30 days of the date of the sale and all females over 15 months of age will be tested for Tuberculosis and Bang's Disease within 30 days of the date of the sale. Calthood vaccination for Bang's Disease has been practiced regularly in the Hawthorne Herd. A representative from the office of the Virginia State Veterinarian will be in attendance on sale day to issue health certificates.
4. Certificates of registry with transfers entered and recorded in the buyer's name will be furnished with each lot sold and properly signed applications will be furnished for the registry of all calves at foot and all unborn calves.
5. The Hawthorne Herd is backed by an enviable reputation gained through good management and honest business practices. The pedigrees are correct and the cattle are healthy. Nearly every cow in the herd either has a calf in the sale or at foot, or shows every evidence of being well forward in calf. Semen of the senior herd bulls will be tested and all females of breeding age will be examined for pregnancy ten days prior to the sale and the results of these tests will be made public. Any known faults will be clearly announced on sale day. As this is a dispersion sale, no guarantee will be given, except in the case of the senior herd bulls, Uppermill Austin, Leveldale Barbarian and Chapelton Consort. The executors of the Estate of Nathaniel Holmes II will guarantee Uppermill Austin, Leveldale Barbarian and Chapelton Consort to be breeders if not allowed to run with the herd and if they are maintained in as good condition as when purchased. In case either bull fails to prove a breeder, notice must be given to W. A. Spillman, Jr., P. O. Box 73, Brandy, Virginia, within six months of the date of the sale. The purchase price, without interest, will be refunded in case either of the three above named bulls fails to meet the guarantee and the disposal of the animal will be at the option of the seller.
6. Announcements from the auction box will take precedence over printed matter in the sale catalog.

**LIABILITY**—The above terms and conditions shall constitute a contract between the Estate of Nathaniel Holmes II, the sellers, and the buyer of each lot. Neither the individual designated as sale manager, the clerk, or auctioneers, assume any liability, legal or otherwise. The sale manager was retained by the owners for specific tasks, promotional and clerical, and has nothing to do with the condition of the premises or the handling of the cattle. Accidents at cattle sales are rare, but every person attending must do so at his own risk. The owners will make every effort to provide for the comfort and safety of those attending.

# A Message From The Sale Manager

The Hawthorne Herd is to be dispersed. Although this announcement will be received with a feeling of regret, breeders who are familiar with the herd will immediately recognize the buying opportunities such a huge dispersion sale will provide.

Although the founder, Nathaniel Holmes II, was a familiar figure at leading Shorthorn events in North America during the past five years, few people are aware that he was not a newcomer to the cattle business. Early volumes of The Shorthorn World contain many references to the strong Shorthorn herd he maintained at Buhl, Idaho, during the period from 1917 to 1923. Accordingly, veterans in the cattle business were not surprised when in 1952 he decided to re-establish a herd. Equipped with good cattle judgment gained from his earlier experience in the business, thoroughly familiar with Shorthorn pedigrees, and backed by seemingly unlimited resources, it was obvious from the outset that his new Hawthorne Herd would be founded on the best. Following his first purchase of 22 heifers and a bull for a total of \$63,750 in the 1952 sale at Scofield Ranch, Mr. Holmes made the announcement that he would continue buying the top specimens of the breed wherever offered until the Hawthorne Herd was the largest and strongest collection of Shorthorn cattle anywhere in the world. Breeders everywhere are familiar with the rest of the story. Buying of top productions from the leading nurseries of the breed continued almost to the day of his untimely death in August, 1955. Except for those that were eliminated as the result of a rigid culling program, all of the cattle that were purchased for the foundation of the herd along with their offspring are listed in this catalog. In the memory of the writer, no herd was ever put together so completely without regard to time, distance, travel or expense.

Due to the size of the Holmes Estate, considerable time was lost in reaching a decision as to the disposal of the herd. My visit to the Hawthorne Farm to prepare for this dispersion was made in early January of 1956. It was my observation that during the period of indecision, the cattle had lost considerable flesh but that the calving rate was high and health conditions were excellent.

Dispersion sales always provide great buying opportunities and this one will be no exception. The pedigrees are stronger than have been assembled in one catalog in many years; the herd is large, thus affording a wide selection; all of the cattle are young and they are offered in completely unpampered condition. I strongly recommend this sale to those buyers who like to get a lot for their money.

Hal Longley, Publisher,  
The Shorthorn World.

# A Special Message to Commercial Cattle Breeders

The figures shown in this table are important **TO YOU**. The table tells in pounds and dollars the superiority of Shorthorns in the 1955 Virginia Feeder Calf Sales. No explanation is necessary because the figures speak for themselves. Note that in every single category the Shorthorns outweighed the overall average of the other breeds and when you consider that Shorthorns have been figured into the all-breed summary, the figures show a tremendous advantage for Shorthorns. Study this table carefully:

**DON'T FORGET . . . YOU SELL BEEF BY THE POUND AND YOU GET MORE POUNDS AND MORE DOLLARS THROUGH THE USE OF SHORTHORN BULLS. WHY NOT CHANGE? THERE ARE 37 BULLS IN THIS SALE.**

# A Few Points the Sale Manager

**Remember** — This is a big Polled Shorthorn sale as well as a big Shorthorn sale. There will be 150 lots of Shorthorns with 30 calves at foot, and 52 lots of Polled Shorthorns with 12 calves at foot.

\* \* \*

There are very few herds in the country that are Accredited for **both** Tuberculosis and Bang's Disease. This one is . . . and more than that, calfhood vaccination has been practiced regularly. As an added precaution, all bulls and all females over 15 months of age will be tested for Bang's within 30 days of the date of the sale and the results of the tests will be made known to prospective buyers.

\* \* \*

Following the death of Nathaniel Holmes II, all tattoos were checked and, under the direction of the American Shorthorn Breeders' Association, all registrations of both imported and North American bred animals were brought completely up-to-date.

\* \* \*

In compiling this catalog, where calfhood vaccination certificates were attached to the pedigrees, this fact is published in the footnotes along with the date of vaccination. Many others not so marked are most certainly vaccinated because nearly all of the cattle came from herds where calfhood vaccination was practiced.

\* \* \*

Because the Hawthorne Herd is comparatively new, no pictures had ever been taken on the farm. Accordingly, none were available for use in this catalog. The pictures used were all taken at the time of purchase and on the farms of the breeders who produced them.

\* \* \*

Nathaniel Holmes II looked forward to the day that the Hawthorne Herd would be the largest and strongest in North America. He was well on his way to this goal. The herd was at the point of top production at the time of the owner's death. Practically nothing had been sold during the building period other than those that failed to pass tests or to breed regularly. As a result, practically all of the cattle bought for the herd foundation or produced in the herd are included in this dispersion sale.

# Asks That You Keep In Mind

The calves and yearlings in this herd have been brought along in good flesh. The herd bulls are in reasonably good bloom. The dry cows and cows nursing calves are in moderate farm condition, many of them thin. Do not come to this sale expecting to find fat cows because you will be disappointed. The bloodlines, both imported and American bred, are exceptionally strong and if you have the ability to pick good breeding cattle in moderate flesh condition, this dispersion provides one of the greatest buying opportunities in breed history.

\* \* \*

All calves born before June 30, 1955, are cataloged as separate lots. Those born after that date will be sold at foot with dams . . . and there are a lot of them.

\* \* \*

Nathaniel Holmes II invested whatever was necessary to obtain the individuals and bloodlines he wanted . . . and he was ruthless in his culling program if animals failed to measure up to expectations. In his effort to secure complete accreditations for both TB and Bang's, he sold numerous high priced animals for slaughter due to failure to pass perfect tests.

\* \* \*

A number of calves in this sale are by Calrossie Gratuity by Calrossie Silver Mine. He was purchased in Scotland and arrived in the importation with Uppermill Austin. He was used liberally and proved a good sire but was sacrificed for slaughter when he failed to pass proper tests.

\* \* \*

The list of sires whose get are represented in this dispersion reads like a "Who's Who" of famous Shorthorn and Polled Shorthorn bulls. Has a better buying opportunity ever been presented?

\* \* \*

Due to the size of this herd, the practice of breeding in pasture has been followed. As a help to buyers, all females of breeding age will be examined for pregnancy about ten days ahead of this dispersion and the results of this examination will be provided in printed form on sale day. Final information printed on the breeding sheet will take precedence over statements printed in this catalog.

\* \* \*

The best buys in history have been made in dispersion sales. This is a sale for the "smart buyers." Never has a catalog been so completely filled with sparkling pedigrees.

# WHO WILL BE THE FORTUNATE NEW OWNER OF UPPERMILL AUSTIN?

UPPERMILL AUSTIN was purchased by the late Nathaniel Holmes II from James Durno in the auction sale held at Uppermill Farm, Tarves, Aberdeenshire, Scotland, in February, 1953. He was the top selling bull in that sale, the purchase price being 3,000 guineas (\$9,000.)

His ancestry is perfect and he lives up to his ancestry both as an individual and as a sire. He is a son of Uppermill Metaphor whose reputation is worldwide. His dam is one of the great daughters of Aldie Conqueror. Although Uppermill was prevented from exhibiting at Perth in 1953 because of a nearby foot and mouth outbreak, critics generally agreed that Uppermill Austin would have been at or near the top at Perth.

Uppermill Austin was used by James Durno before his purchase by Mr. Holmes and one of his first sons, Uppermill Monitor, sold in the 1955 Perth sale at 2,300 guineas (\$6,900) to Sr. Lacau, Mitikile, Argentina.

At Hawthorne Farm, Uppermill Austin has proved himself one of the really great sires of the day. On each calf he has stamped his marvelous head, his great depth, his beautifully balanced body and his perfect fleshing. His calves are excellent when they are born and they remain excellent as they mature.

Many calves by Uppermill Austin may be seen at Hawthorne. They range in age from small calves up to 15 months old. They will provide convincing proof of his ability as a sire. He should head one of the greatest herds in North America and the spotlight will be on the breeder who buys him. Uppermill Austin is the buy of the year! He will be sold as a guaranteed breeder (see terms on page 6). Who will be the fortunate new owner?

**LEVELDALE BARBARIAN**—When Mr. Holmes purchased him in the 1953 Leveldale Sale, Les Mathers made the statement, "I believe Leveldale Barbarian to be a stock bull from every angle." Subsequent events have proved that he was right. The first three bull calves by Leveldale Barbarian were sold in the 1955 Leveldale Sale at an average of \$1,567. The calves at Hawthorne are somewhat younger but are uniformly good. Leveldale Barbarian is bred to be a stock bull, with the three famous Scottish sires Corrimony Golden Sovereign, Beaufort Bolido and Bapton Commando at the top of his pedigree. He is in very good flesh condition today and is an individual of excellent quality and form. Although Leveldale Barbarian is owned jointly by Leveldale Farms and Hawthorne Farms, permission has been granted for both interests to be sold. The man who buys Leveldale Barbarian in this dispersion sale will own him outright . . . **and he will own a truly great stock bull.** He will be sold as a guaranteed breeder (see terms on page 6).

CHAPELTON CONSORT—Personally selected by Nathaniel Holmes II from the Chapelton Herd of James Biggar in Scotland. His sire, Cruggleton Balmoral, was sold as a 9-months-old calf at 3,000 guineas. He was used with great success at Chapelton until a year ago when he became the property of Captain de Q Quincy, owner of the famous Erimus Herd. The sire of Chapelton Consort's dam, Calrossie Contribution, is considered one of the top sons of Kirkton Baronet. Chapelton Consort has been used liberally at Hawthorne. Although he is not in proper flesh to be offered in a public auction, nevertheless he is a bull with a wonderful head, short legs, unusual depth and width, and great bone and substance. This bull will be sold guaranteed to be a breeder. See terms and condition on Page 6.

CAMSON GOLDEN STAR 4TH—Purchased in the 1954 Grant Campbell sale at \$1,350 when only nine months old, this bull had been held in reserve for possible herd service. He is now a 2 year old and has not been used. He is a son of Kirkton Golden Star and his dam is by Calrossie Cock Robin. His granddam, Saltoun Roths Queen 6th is the dam of the \$10,000 Camson Better News that was used successfully at Femco Farms and that is now in service at Avenel Farms. Camson Golden Star 4th is in good flesh and will make someone a great herd sire.

RUSTIC AUGUSTA 5th—This daughter of Aldie Mainliner was purchased in the 1953 Leveledale sale at \$1,300. She has a daughter in the sale sired by Cruggleton Peglers that was a consistent winner in the Hawthorne 1955 show herd (see Lot 63). She has at foot now a roan bull calf born November 26, 1955, and sired by Uppermill Austin.

FEMCO ORANGE BLOSSOM 3rd—Top selling heifer in the June, 1954, Femco sale at \$2,300. She is by Femco Metaphor who sired the reserve champion female at the 1952 National show at San Francisco and her dam is a full sister to Femco Prince Royal 3rd who was grand champion at the 1952 National show. She has a daughter in this sale by the \$10,000 Camson Better News, the great bull now owned by Avenel Farms. We lost her last calf that was born on October 5, 1955, and she has been rebred to Uppermill Austin.

The blood of these two famous sires will be found in generous amounts in this sale.

Uppermill Comrade, (above), and Uppermill Conqueror (right), owned jointly by Scofield Ranch, and J. Doss Miller, Miller Ranch, De Leon, Texas. Two great sires both out of Crocus Celia, one of Scotland's greatest breeding cows.

Nathaniel Holmes II was a familiar figure at all leading Shorthorn auctions where he made a practice of outbidding all others in his effort to obtain the choicest individuals with the richest pedigrees. He is shown in the above picture with a group of his friends. From left to right: John Blume and Les Mathers, Illinois; Vernon Scofield, Texas; W. H. (Tiny) Merry, Ontario; the late Nathaniel Holmes, Virginia; Grant Campbell, Ontario; Wm. Cruickshank, Illinois; Alfred Miller, Illinois; and George Cox, Minnesota.

## **The late Nathaniel Holmes II . . . in a familiar pose**

Nathaniel Holmes was an accomplished photographer and took his camera to most Shorthorn events. Here he is shown snapping the winners at the Perth Show and Sale in Scotland.

**The tops from the greatest herds in Great Britain and North America are included in this important dispersion. When have Shorthorn and Polled Shorthorn breeders enjoyed greater buying opportunities?**

This daughter of Uppermill Conqueror has at foot a red bull calf born February 10, 1955 and sired by Upright Emblem that went to the Parker Ranch in Hawaii. Mother and calf are cataloged together but will sell separately in the sale. Cow is rebred October 30, 1955 to Cruggleton Benham, grand champion bull at the 1954 National Show in Denver.

The Hawthorne Herd is Accredited for BOTH Tuberculosis and Bang's Disease. Health certificates will be issued at this sale by an authorized representative from the office of the Virginia State Veterinarian.

String of sale cattle at the 1951 Oklahoma Polled Shorthorn sale at Buffalo, Oklahoma. Bred and consigned to the sale by Roy Rutledge, Woodward, Oklahoma.

## The Hawthorne Polled Shorthorn Dispersion Sale

Like many other breeders in the Eastern states, the late Nathaniel Holmes II maintained herds of both Polled Shorthorns and Shorthorns. Late in 1954 he purchased the entire herd owned by Roy Rutledge, Woodward, Oklahoma, the productions of which had found great favor in the shows and sales of the Southwest. To these he added top selections from such herds as Avenel Farms, Glatwyn Farms, Echo Farms, Harry McCann, Harvey Fishpaw and others. On the following pages are listed the cattle that make up today's Hawthorne Polled Shorthorn Herd. All are to be sold in moderate flesh condition.

HILLDALE COLLYNIE 27th A x—Purchased at the Polled Shorthorn Congress held in April, 1953, at Hutchinson, Kansas, where he stood second in the youngest class of bulls. He has been in active service in the Roy Rutledge herd since that time and when the entire Rutledge herd was acquired by Nathaniel Holmes II, Hilldale Collynie 27 A x became the chief Polled Shorthorn herd sire at Hawthorne Farm. It should be noted that he is a double grandson of Alauna Collynie x and through such a concentration of the blood of this famous improver, a successful breeding career is certain. Hilldale Collynie 27 A x is in good flesh condition and is a bull of remarkable depth, width, balance and bone. He has a masculine polled head, stands on short sturdy legs and seems to have the ability to transmit his desirable characteristics to his calves. A liberal number of calves and yearlings sired by him are included in this dispersion and prospective buyers will have ample opportunity to judge his ability as a sire.
